

---

The title Daawatshq means "Love Is A Riddle" in Hindi. I read that this is the directorial debut of Sameer Sharma. Written by Sameer Sharma and Sanjeev Dutta, the film stars Rajkumar Rao, Radhika Apte, Seema Pahwa and Joby Jacob. It is produced by Zee Studios and marks the acting debut of Seema Pahwa. The film is slated to release on 29 February 2019. The story of the film revolves around the relationship between a man named Kumar (Rajkumar Rao) and a woman named Mandira (Radhika Apte) who has "a long lost love" with him. The twist is that they never know about each other's existence, though they had similar traits and emotions at one point in their lives, they were never aware of each other, they talked about it but could not understand what happened to make them suddenly disconnect from each other and ... the rest of the film is how they get back together. The story of the film gets mixed reactions from people and they say that this film is not like typical Bollywood romance, it has its own creativity and uniqueness. It is also said that this film will leave you speechless and speech-filled at the same time.

The trailer received good views on YouTube, attracting over 4 million views in a day. A review of an entertainment website compared Rai and Apte's chemistry to that between Rajkumar Hirani and Aamir Khan in Lage Raho Munna Bhai (2006) and 3 Idiots (2009). Daawatshq was released on 300 screens in India on 29 February 2019. The music of the film is composed by Meet Bros with lyrics written by Yogesh Svetur, Manoj Yadav and Kausar Munir. The first song of the film 'Daawat Ishq' was released on 18 January 2019. The second song of the film 'Kya Hai Pyar' was released on 28 January 2019. Sukanya Verma from Rediff.com gave a rating 4/5 for the movie and said, "The movie is a true blue love story that's loaded with soul-stirring dramatic notes." Sonia Chopra from Sify gave a rating 3/5 and said "good romance but weak plot. An average love story." Ankita Das from Sify rated 3/5 and said "Tall order to make a good movie, but the director seems to have done a good job of making it. The climax is exceptionally gripping and the development of the story is just amazing." Shubhra Gupta from Hindustan Times gave 4.5 stars and said, "'Daawate Ishq' has its share of sentiments and feelings — uniquely told in a zingy Hindi — so that the viewer get absorbed rapidly.
